

# MODEL CD-16 DISPENSER

Plastic Strapping Dispenser

## FEATURES

- Electronic brake to control dispenser refill
- Capable of using both PP and PET strapping on 16" x 6" core ID
- Integrated strap accumulator maintains control of slack strap at all times
- Reduces wear on strapping heads since strap is pulled from accumulator not directly from strap coil
- Simple mechanical locking mechanism for strap threading
- Can be used on virtually any strapping machine
